AUG NANOSKOP®

AUG NANOSKOP®

OTOSCCOPE

1 3-fold pivoting magnifying glass
2 Ear funnel
3 Connection for pneumatical test
4 Bulb (not visible)
5 Threaded screw-on connection
6 On/off sliding switch
7 Metal clip
8 Battery handle
9 Batteries

2.5V LED, Xenon, Vacuum

Product Code:20.000.002. LED
Product Code:20.000.022. XENON
Product Code:20.000.040. VACUUM

The AUG Nanoskop provide you optimal conditions for easy ENT treatment, through high-quality illuminations and fibre optics.

High Performance LED bulb has an excellent light efficiency and lasting working hours. Two times more brighter than the conventional, Xenon/Halogen bulbs. LED Performance is more bright and absolutely homogeneous illumination with excellent colour rendering – colour temperature 4000 K. Operation time up to 10 hours. The batteries need to be changed less often.

Xenon/Halogen bulbs for bright illumination and accurate colour rendering. 15,000 ON / OFF switch cycles guaranteed. Secure switches off automatically when returned to the pocket. Handy and powerfull smooth gripp handle. Fiber Optic Illumination: Reflex-free illumination of tympanum and ear canal. Viewing window with 3x magnification and optimized casing surface for razor-sharp images and minimal reflection.

AUG produce 3 different types of illuminations in the Nanoskop, which can be replace simply by using the bulb. AUG also provide the standard solution (Nanoskop) for the Economical and practise users. Available in Black, Blue, White, Pink, Yellow & Green.

Type of illumination	
C Standard illumination	F.O. Fibre optics
- Standard illumination with 2.5 V vacuum lamp	LED / XENON by simply changing the bulb - high-quality fibre optics - high-power 2.5 V / 3.5 V xenon or 2.5 V / 3.5 V LED bulb

Features:

- High Performance Fibre Optics with 4mm diameter.
- 2.5V LED, Xenon & Vacuum illuminations.
- 2 Pieces Head and Handle.
- 3x magnifying lens and wide viewing window.
- Connection via screw thread and dimmable light control system.
- 14 Disposable ear funnels size: 2.5mm, 3.0mm, 4.0mm.
- Available in card board and cloth packing.
- AUG offers 4 Years of product guarantee.

✓**3 Year Warranty**
✓**Easy to use**
✓**Maintenance Free**
